

2016 BUTTON CONTEST!!

Association of Mathematics Teachers of New Jersey

Theme: Sequence and Pattern in nature and design. For example (but not restricted to), Fibonacci art, checkerboard art, golden ratio, etc.

There will be three winners picked from the following grade bands: K-4, 5-8, and 9-12. The winners will receive a grade appropriate calculator and the student's mathematics teacher will receive a free registration to the AMTNJ Two-Day Conference in December.

Rules:

- Design a button that illustrates the 2016 theme.
- MINIMIZE the numbers and words used in your entry.
- Copyrighted Characters/Slogans CANNOT be used.
- The shape of the button is a 3 inch SQUARE. You may scale your entry up to 200%.
 - **The entry should have TWO copies submitted:**
 1. Black on a white background AND
 2. Black on a white background that the child COLORED in.
- Incorporate the initials "AMTNJ" and the year into the button but do not make them a prominent part of your design.
 - Submit EACH design on individual copies of the shape.
- A MAXIMUM of TEN ENTRIES will be accepted from each school.
 - All art work becomes the property of AMTNJ.

DEADLINE: All entries must be RECEIVED by June 30, 2016. No exceptions! Please send all entries to: AMTNJ, PO Box 264, Bay Head, NJ 08742
(Winners will be notified via e-mail.)
