Dear Exhibitor,

The Association of Mathematics Teachers of New Jersey (AMTNJ) has begun planning for its annual Special Education and Mathematics Conference entitled "Addressing the Challenges of Special Needs Students in the Mathematics Classroom." The conference will be held on Wednesday, December 5, 2018 at the Ramada Plaza Hotel (formerly Crowne Plaza) & Conference Center, 390 Forsgate Drive, Monroe Township, New Jersey. This is a one-day conference that attracts mathematics and special education educators from all parts of New Jersey, and AMTNJ invites you to be part of it. We expect this to be a wonderful opportunity for you to share your ideas, products, and vision with our attendees. Due to a limited physical space, we can only accept a certain number of vendors for this conference. We will accept applications on a first come, first served basis.

Vendor tables will be located in a strategic location at the Ramada Plaza Hotel & Conference Center, which will make visiting the exhibits accessible and profitable for both you and the attendees. The Association will do its best to honor any special requests, but we reserve the right to make final assignments, as necessary.
